Issue: 1

Jan - Mar 2024

JANUARY, 2024 – MARCH, 2024

- **Autism Society West Bengal (ASWB) started this New Year, 2024, with a positive note to continue our Outreach work in different areas in the 24 Parganas (South) district as well as different areas of Kolkata Metro city. We started our Outreach work from November, 2022 and these months of experience have motivated ASWB to continue autism awareness programs with gusto. In this first quarter of 2024 ASWB organized a series of workshops for parents. Furthermore many of our faculty members were invited as resource persons in different organizations.**

JANUARY, 2024 – MARCH, 2024

- **During this quarter ASWB signed a MoU with Swami Vivekananda University. Seven students of the Department of Psychology, Swami Vivekananda University did a month long internship at ASWB. They also participated in the YAAR program in February, 2024.**
- **At ASWB we try to ensure that our students and trainees commemorate different significant days and celebrate festivals like Netaji Jayanti, Republic Day, Swami Vivekananda's Birthday, Saraswati Puja, International Mother Language Day, & Holi as in any mainstream educational institution. Our students and trainees participated in all these events in school.**

Confirmatory test for Lactose intolerance...

❑ Blood test

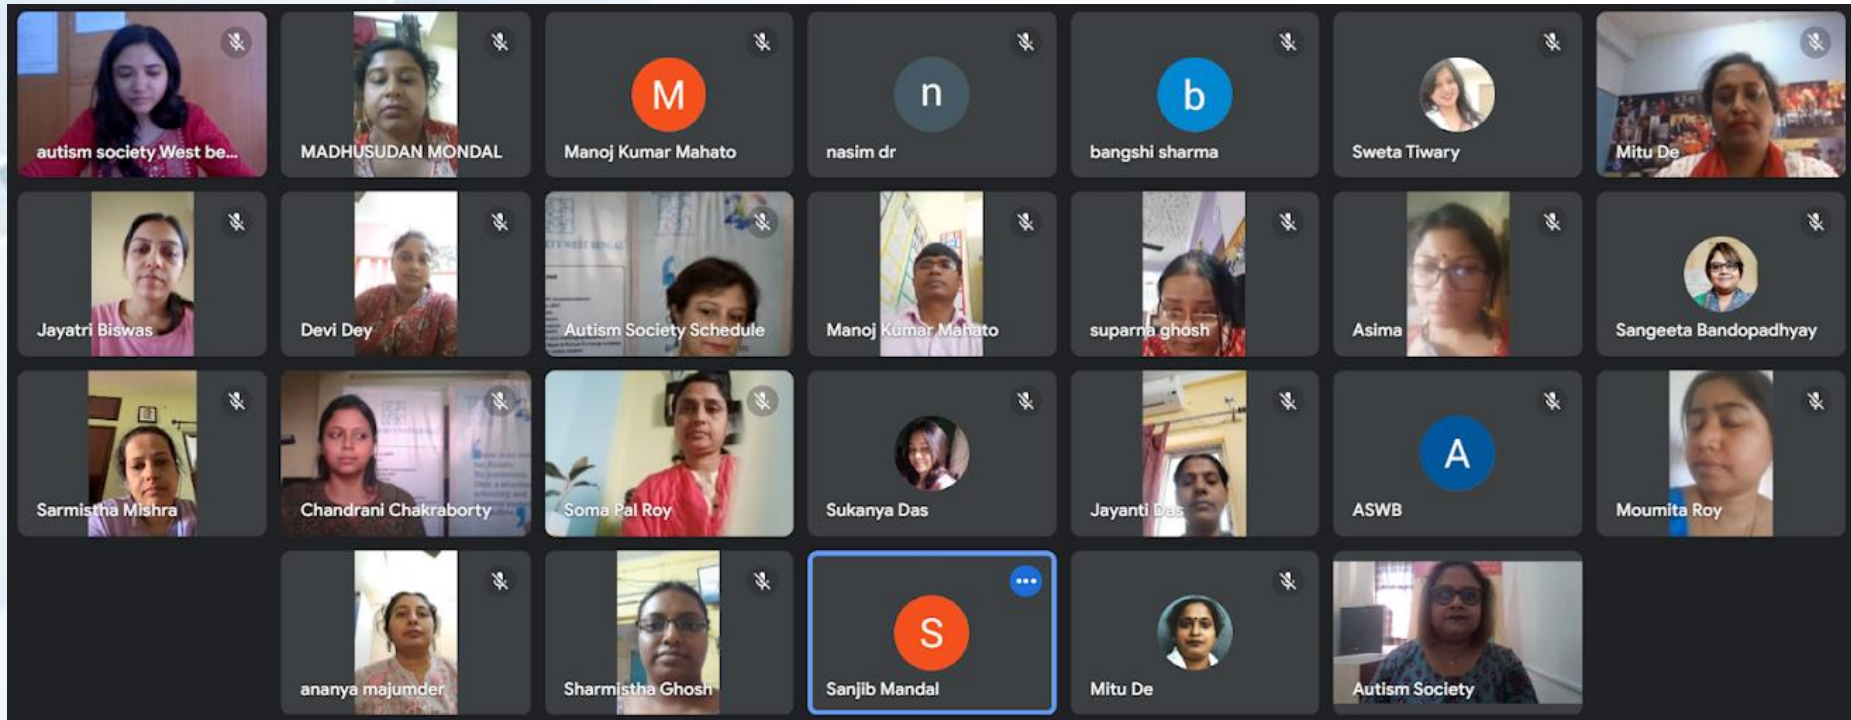

- Step 1: Drinking of a liquid with high lactose content (2 hours before the test).
- Step 2: Measure the amount of glucose in the bloodstream.

Signs of the disease:

- ❖ If the glucose level does not rise, it means the body doesn't respond to given lactose.
- ❖ An increase in glucose level of less than 20 milligrams per deciliter (mg/dL) within 2 hours determines lactose intolerance.
